

# Tassili Wine

**Remarkable food demands exceptional wine to complement the menu.**

Whether you prefer wine by the glass, the bottle or a flight, we are well versed in the subtleties of viniculture and will enthusiastically recommend the perfect pairing. We may suggest you select a renowned classic from the old world or encourage you to make a bolder or more adventurous selection from lesser known producers or wine growing regions of the world.

We will certainly share our passion for wine with you. For a full up to date wine list please email us at [rmilza@handpicked.co.uk](mailto:rmilza@handpicked.co.uk)
