**Welcome to The Armada Restaurant**

With its intricate wood panelling, tall ceilings and pale pink marble fireplace, The Armada Restaurant displays all the features and period charm of its era.

In keeping with the restaurant's name, a wooden carving of an impressive naval fleet decorates the wall, giving the space a distinctly regal feel, and guests can enjoy views over manicured grounds and gardens as they dine.

Whilst the surroundings may be grand, the Armada offers an unfussy menu of classic British dishes that have been enhanced with a contemporary twist. With a focus on provenance, many of the items on the menu, such as the sausage, lamb and mushrooms, are sourced from trusted suppliers based in and around the New Forest.

Located opposite The Armada is the enchanting Alhambra private dining room which reproduces the majestic splendour of the Alhambra Palace in Granada. Both spaces offer guests a unique setting to celebrate a milestone birthday, anniversary or special occasion and our friendly team are on hand to talk you through our extensive wine, beer and cocktail list.
